SUMMARY

- Master of Architecture Degree from the University of South Florida.
- Software proficiency in 3D Studio Max, Rhino 4.0, Sketchup Pro, Artlantis Studio, V-Ray 1.5, Adobe Director, Architectural Desktop Family, AutoCAD 2009, Microsoft Office, and Adobe Creative Suite Family, with basic knowledge of Revit 2009.
- Extremely computer oriented with strong presentation graphics skills.
- Highly motivated, hard working team-player looking to become licensed in 3 years.

WORK EXPERIENCE

February 2008 - April 2009

Baker Barrios Architects (*Conceptual Designer / Intern Architect*)

- Created original building design concepts for small to large scale hospitality, medical, commercial office and retail, educational, institutional, mixed use, and multi-family residential projects.
- Specialized in creating advanced three dimensional computer modeling, renderings, and animations showing the overall design concept.
- Created near photo-realistic images of building concepts.
- Developed abilities in urban design concepts.
- Created dynamic interactive digital presentations for all the above project types.
- Developed full scale marketing packages for various project types.
- Worked with production architects in the development of building components.
- Built scaled three dimensional physical models when required.

December 2006 - December 2007

USF School of Architecture (*Wood Shop Assistant / General Assistant*)

- Assisted with general shop duties including basic maintenance of equipment, assisting students with use of equipment, and new student orientation.
- Received a First Aid and CPR training certificate.
- Learned to use small milling equipment and proper woodworking techniques.

June 1999 - September 2005

AMC Theaters (*Projectionist / Floor Supervisor*)

- Started, threaded, broke down and built up films. Maintained the highest quality presentation possible at all times. Worked without direct supervision most times and developed excellent time management skills
- Also worked as a floor supervisor with responsibilities of up to 15 people at a time. Duties included employee schedules, supervisory tasks and customer service.
- Gained experience in employee scheduling and budgeting.

PROFESSIONAL AFFILIATIONS

- A.I.A. Associate Member.
- N.C.A.R.B. Registered earning I.D.P. credits.
- Registered for the L.E.E.D. A.P. V2.2 Exam with plans to be accredited by July 2009.
